

Security Practitioner

level 2

NOCN

The NOCN Certificate for Security Practitioners aims to provide a nationally recognised, competence based qualification appropriate to the work of security staff.

By gathering evidence at work anyone will easily be able to achieve this full level 2 award.

As part of the award you will attend two 1-day workshops developed to ensure you fully understand the role and responsibilities of a security professional.

On the workshops you will cover;

- the role & responsibilities of security staff
- emergency first aid
- customer care
- health and safety
- equal opportunities
- conflict management

Our trainers can provide specially tailored programmes to meet the needs of businesses and include sessions on, radio and communication skills, incident and report writing, numeracy, management, leadership and management skills, control & physical restraint techniques, traffic management, team working, introduction to care of VIPs, care for the elderly, child protection and those with special needs.

Assessment

Assessed portfolio and workplace observation.

If you have your own trainers, we can work with you to integrate and develop your in-house training into NVQs in your workplace. We may also be able to secure funding on your behalf from Train 2 Gain to reduce the cost of the training to staff.

Are there any course requirements?

The minimum entry age is 18. You will need to work in the security industry in order to successfully complete this qualification.

Do I need to bring anything?

No.

Are there any other costs?

No.

What can I do next?

The NOCN Certificate for Security Practitioners may provide progression to a range of qualifications in the same, or related, areas including:

- Level 3 Award in Close Protection Operations
- Level 2 Certificate for Door Supervisors (to work on licensed premises and get an SIA licence)
- ILM NVQ in Management
- ILM Level 2 NVQ in Team Leading
