

# General Certificate in Occupational Safety & Health

NEBOSH (National Examination Board in Occupational Safety and Health)

The National Examination Board in Occupational Safety and Health (NEBOSH) is the leading UK examination body in safety and health.

## Who is the course for?

Anyone who wants a nationally-recognised qualification. It is the minimum qualification that an employer would expect someone with specific responsibilities for health and safety within an organisation to hold.

## Course Content

It is split into several key topics and delivered in a logical order to help you study and apply what you learn in the workplace after the first few sessions:

- legislation
- human factors
- risk assessments
- occupational health
- safe operations
- fire
- first aid

By gaining the NEBOSH Certificate you will be also eligible for affiliation to the Institution of Occupational Safety & Health (IOSH) -- which will look good on your CV. For more information go to [www.nebosh.org.uk](http://www.nebosh.org.uk) or call NEBOSH on 0116 263 4700.

## Are there any course requirements?

A pre-course interview will be required. Please complete and return an enrolment form and we will invite you to attend the pre-course interview and advice session. You will also need to have good written and verbal communication skills.
